COMPARATIVE QUIET REIGNS IN CHICAGO

Few Serious Outbreaks and Complete Absence of Marching Crowds and Serious Rioting During Saturday.

LABOR LEADERS AND EMPLOYERS

Engage in a War of Words—Charges Against the Police.

ALLEGED THAT POLICE FORCE FAVORED STRIKERS BY ARRESTING NON-UNION MEN. CHARGES WILL BE INVESTIGATED BY COMMITTEE APPOINTED BY MAYOR.

By Associated Press.

Chicago, May 6.—Comparative quiet reigned in the downtown streets today, for the first time since the commencement of the strike. There were a few scattered outbreaks, but there was complete absence of marching crowds and serious riots.

While the fighting had disappeared from the streets in a large measure, it broke out with great violence in words between members of the Employers' Association and labor leaders. Charges were also made against the police, it being said that from the outset they have, in many cases, favored the strikers by refusing to arrest them when they were seen assaulting non-union men, and lost no opportunity to take the latter into custody whenever possible for them to find an excuse for so doing.

It is said by members of the Employers' Association that captains and lieutenants of police have been derelict in their duty in the suppression of disorder and charges will be preferred before the police trial board.

Charges against the labor leaders are to the effect that they planned an ostensible settlement of the strike which would give them the credit of gaining a victory, but which would, in reality, leave all the members of the union who have been on strike out of positions. These charges are strenuously denied by the labor leaders.

Mayor Dunne has issued a proclamation on the subject of these charges and has appointed a commission of three to make a thorough investigation.

THE CARPENTERS AND JOINERS

REPORT THAT THEY WILL BE BACKED BY OTHER LABOR ORGANIZATIONS IN THE CITY.

One week has elapsed since the carpenters and joiners and the painters and decorators were locked out, but so far there has been no adjustment of the difficulties. In fact, it is stated that both sides are preparing for a long fight, and it is expected that there will be but little building done during the course of several months.

The contractors, it is stated, have but few buildings under construction or contracted for, and of course are in a position to hold out for some length of time.

The members of the unions are standing together and at each meeting held declare that they will hold to the last for the eight-hour day. Furthermore, they are receiving the support of every unit in the city, and the members of the bodies affiliated with the Central Trades Council will not only give their unanimous support to the men on the lockout, but will levy assessments, if necessary, in order to carry on the fight, which seems to grow more bitter with each day.

But little work is being done in the building trades and those who are at work are accepting the eight-hour per day scale.

TRAIN NO. 7, WHICH LEFT CINCINNATI FOR NEW ORLEANS AT 11:30 SATURDAY, DERAILED ON SHARP CURVE AT SULPHUR, KY.

By Associated Press.
Louisville, Ky., May 6.—Passenger train No. 7, on the Louisville and Nashville, which left Cincinnati at 11:30 this morning for New Orleans, was derailed on a sharp curve near Sulphur, Ky., this afternoon. Engineer Geo. Buxie was killed and one passenger and four postal clerks were injured, but not seriously.

Engineer Buxie jumped and his engine fell on him. The fireman remained in the cab and was not injured. Miss Clark, who was on her way to Bardonia, Ky., where she was to have been married to-night, was the injured passenger.

President Roosevelt and his hunting party arrived here on horseback at 12:30 today and started at once for Glenwood Springs. The ride will take about two hours. A special train was offered the party but the president preferred his horse. He said to the newspaper men, "We had very good luck and got ten bears."

Reaches Glenwood Springs.
Glenwood Springs, May 6.—Riding as rapidly as the heavy roads permitted President Roosevelt and party reached here at two o'clock, the horses and riders bespattered with mud.

At the head of the party the president in hunting clothes of duck, a slouch hat and bandana cravat was as picturesque as the guides who have spent their lives in similar costumes. About two miles out the party ran the gauntlet of a battery of cameras and moving picture machines. No word of the president's coming had reached the villagers and the president went directly to his apartment to clean up and rest. He had his first bath in a tub since leaving his comfortable train at New Castle two weeks ago today.

President Roosevelt will probably make a short speech from the veranda of the hotel to-morrow, before leaving for Washington.

New York, May 6.—Many small sailing boats have been thrown ashore and wrecked in a gale which swept this section. About Rochelle and Larchmont on Long Island sound at least a score of small boats are lying on the beach.

One large schooner bound up the sound had the canvas she was carrying blown to shreds, and was nearly driven on the Long Island shore. Five men narrowly escaped death by the capsizing of their schooner in the Hudson, off Inwood. The boat was bound with a cargo of bricks from Haverstraw when the gale clapped down and the whole outfit turned turtle.

Three men who happened to be watching the scene from a bathing pavilion ashore seized a power launch and put out at full speed. They arrived none too soon, for one of the schooner's crew had been hit on the head with a brick was about to sink. The luckless man from Haverstraw was eventually all rescued, but their craft was lost.

Russian Torpedo Boats Burn Jap Sailing Vessel

By Associated Press.
Tokyo, May 6.—Although it is not believed that the larger vessels of the Vladivostok squadron accompanied the four torpedo boats which appeared off Hokkaido yesterday and burned a small sailing vessel and imprisoned the captain, it is doubted that the torpedo boats would venture across un-

escorted in the heavy sea which was running when the sailing vessel was burned. Eleven members of the crew of this vessel escaped. The Russians poured kerosene on the deck of the vessel and withdrew after igniting the surface of the oil. The object of the visitors is not clear. The torpedo boats have not been reported today.

New York, May 6.—Three deaths from cerebro spinal meningitis have occurred within the space of three hours at Bellevue hospital. Four other fatal cases were reported to the board of health by city physicians during the past few days. These figures indicate a big falling off in the disease.

Twenty-six beds in the meningitis pavilion of the hospital are still filled with patients.

In support of his theory that children must have proper nourishment in order to withstand the ravages of meningitis, Commissioner Darlington will today take up with the committee of physicians the matter of instructing the parents of school children as to what food should be provided for the morning meal particularly.

FLETCHER TRIAL AT MARIANNA

MAN ACCUSED OF ASSAULT THAT LED TO SHOOTING BROUGHT INTO COURT.

Special to The Journal.
Marianna, May 6.—There was an examination held in the county judge's court here today investigating the charge of attempted criminal assault. The defendant was J. A. Fletcher and the charge was the instigation of the killing at Grand Ridge last Sunday. The man that did the killing had his hearing in the county judge's court on the 5th and was held by the court under a charge of manslaughter. Bond was fixed at \$1,000.00 which has not yet been made.

Judge McKinnon goes to Tallahassee Monday on business in legislative matters, and will be absent next week. Judge Hathaway, from Bonifay, was in Marianna yesterday. We are always glad to have the judge with us. The disbarment cases of Calhoun and Brown have been continued from Monday, May 8. No time is spoken of now as to when they will be tried. Mr. Boone is ill at this time.

There was a committee over here from the legislature to investigate the state reform school today.

THE BASEBALL GAME TO-DAY

MOBILE WILL ARRIVE THIS MORNING TO PLAY FIRST GAME OF SEASON.

The first game of the season, between Pensacola and Mobile, will be played this afternoon, when the two aggregations meet at Palmetto Beach. The game will be called upon the arrival of the 3 o'clock dummy, and the best of order will be preserved. It is expected that there will be a large crowd present, as each of the teams is in good shape and the contest should be an exciting one. The two teams will line-up as follows:

Mobile—Rush or Levene, pitcher; Manderville, catcher; Blalock, first base; Barry, second base; Joseph, third base; Weinauer, short stop; Griffin, left field; Rush, centerfield; Langan, right field; Fanane and Duff, substitutes.

Pensacola—McGaughey or Maneely, pitchers; Fitzpatrick, catcher; Mitchell, first base; Sanchez, second base; Sullivan, third base; Touart, short stop; Bieker, left field; Brent, center field; Bell, right field.

BOYCOTT OF STREET CARS

BUT FEW NEGROES ARE NOW PATRONIZING THE COMPANY ON ACCOUNT OF BILL.

That there is a boycott upon the street cars is now very evident. Parties who take notice of such matters can readily see that the cars are not being patronized by the negroes, and furthermore, there is much satisfaction being expressed, especially by the ladies.

All the boycotting is due to the bill introduced in the Florida legislature compelling all street railway companies in the state to provide separate compartments for white and colored passengers. This seems to have caused considerable comment among the negroes of Pensacola, and they have resented it by boycotting the street railway company and not riding upon the cars.

The negroes do not seem to realize that the cars, if divided, will give them as much accommodation and space as the white persons, but seem to be laboring under the impression that the white patrons will get better accommodations.

There has been comment among the colored people regarding the bill, which will no doubt be passed, and several meetings have been held. From the present sentiment, the only desire of those agitating the boycotting of the street railway company is to make that company enter into a fight against the passage of the bill and defeat the same, in order that they may occupy seats along with the white people.

The gentlemen composing the quartet to reach the city yesterday for this purpose, are F. E. Kibler, J. J. Simmons, R. S. Harwell and J. LeRoy Duncan. They were sent out by the association for the purpose of selecting some point where the salesmen shall spend their annual outing, and from their expressions Pensacola will be the point recommended.

There will be between seven hundred and one thousand in the party.

MOLINO NEWS OF INTEREST

Special to The Journal.

Molino, May 6.—We have been somewhat negligent about our correspondence but have not been well and have not felt like keeping in touch with the local news of the community.

We are having lovely weather now and the farmers are just delighted with the rains. They say they never saw a better season nor had the rains come so regularly, just as they needed them.

Mr. Lawrence preached here on the fourth Sunday in April. He spoke as if he would preach once a month for us and we hope he will.

There was preaching Sunday out at Highland school house. There would have been a large congregation but it rained and a great many people were disappointed.

Mrs. Grilmar and her nephew, Winslow Garf, and Mr. Corrie spent last Sunday at Altmore, Ala., visiting relatives and friends. They report a splendid time.

Miss Ada Flemming has returned from Bay Minette, Ala. She has been visiting relatives over there. Miss Mollie Thompson came with her and will be her guest for some time.
